Dear Mary,

This letter is in regards to the compliance check of your Level A, Registered Child Development Home completed on 4/10/15. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

☐ 110.5(1)f Combustible materials are kept away from furnaces, stoves, gas dryers, or water heaters. **Fire marshal states there should be a 3 ft clearance from all gas pilot lights. You need to move stuff away from the furnace .**

☐ 110.5(1)m Has not less than one 2A 10BC rated fire extinguisher in a visible and readily accessible place on each child-occupied floor. **Need the correct size for each floor you provide care on and need it visible. Many providers use a sign on the closet or kitchen cabinet to meet the visibility rule.** You had a fire extinguisher on the first floor but could not locate one on the second floor, where the children nap.

☐ 110.5(1)q All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites. **Needed annual pet records and need to be on the new form, 470-5153, which will be included with this letter. You had the physical for the cat scheduled. Need to put completed form in file.**

☐ 110.5(2) A provider file is maintained and contains:

☐ 110.5(2)a A physician's signed **statement of health and immunization status** on the provider and all members of the household who may be present when children are in the home. Statements must be obtained at the time of initial registration and updated every three years. **Need now every 3 years and on the new form which I am including with this letter.**

☐ 110.5(2)b Certification by an approved trainer/organization in infant and child first-aid that includes mouth-to-mouth resuscitation. Certification will be maintained throughout period of registration. If they are unable to locate first aid training that includes mouth-to-mouth resuscitation, they must complete both a first aid course and CPR. You state that you recently completed this training. Either find copies of your certificates or retake the course.

Need the training. For assistance in finding training call CCRR at 866-324-3236 x 1410

110.5(8) Children's Files

110.5(8) An individual file is maintained for each child and **updated annually or when there are changes**. Each file contains: **The children's files must be updated annually with the emergency medical authorization completed yearly. If the parent wants to review, edit and re-sign and date the intake and emergency medical authorization instead of completing a new form that is ok. I suggest you pick a date, such as the first of the year, beginning of school, your birthday or anniversary, Valentine's Day, etc. On that date I suggest you double check for a current physical form and immunizations (if there were any updates) and have the parents redo or re-sign the emergency medical and intake information.**

☐ 110.5(8)a Identifying information including, at a minimum, the child's name, birth date, parent's name, address, telephone number, special needs of the child and the parent's work address and telephone number. **Need for: Kameron and Kaidyn .**

☐ 110.5(8)b Emergency information including where the parent can be reached, the name, street address, city and telephone of the child's regular doctor, and the name number, telephone number, and relationship to the child of another adult available in case of emergency. **Need for: Kameron and Kaidyn .**

☐ 110.5(8)c A signed medical consent from the parent authorizing emergency treatment. **Need for: Kameron and Kaidyn .**

☐ 110.5(8)e For infants and preschoolers: A statement of health signed by a physician submitted annually. **Need for: Kameron and Kaidyn .**

☐ 110.5(8)f A list signed by the parent which names persons authorized to pick up the child, their telephone number, and relationship to the child. **Need for: Kameron and Kaidyn .**

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations within the next 45 days.**

☒ Based on the items out of compliance listed above, a recheck or follow up visit to your home is not necessary. However, it is essential you provide documentation to the Department that certifies you have corrected each of the identified regulatory violations and are now in complete compliance with all Departmental regulatory mandates.

Please check mark each of the boxes listed above when the necessary corrections have been completed. By doing so, you certify that you have completed all of the mandated regulatory requirements contained within each identified section.

I certify that I have taken all of the steps necessary to correct each of the identified violations noted above and am now in complete compliance with all of the Departmental mandated regulatory rules.
